CORRESPONDENCE.

Roseburg and Roundabouts.

J. F. Leach, of Port Huron, spent
last Sunday at his home here.

Miss Smith, of Anderson, was the
guest of Geo. W. Bradshaw and wife
Sunday.

The cheese factory is doing a large
business. They have a quantity of
nice cheese on hand.

The firm of Bradshaw & Near has
been dissolved and the business is now
conducted by Geo. W. Bradshaw.

The Sunday school will give a picnic
in the grove at this place June 25. All
are invited and a good time expected.

Miss May Tennant and her friend
Miss Toohy will leave on Friday for
Mackinac Island where they will spend
the summer.

Bert Bradshaw closed his school last
Tuesday. Several visitors were present.
The scholars of the school presented
their teacher with a silk handkerchief,
collar and necktie in appreciation of
his labors with them.

COM.

Hartsuff's Hurried Heraldings.

E. Hutchinson has his new residence
completed.

R. S. Campbell was visiting his home
and friends in this vicinity last week.

Jas. Kyes has purchased the Steele
farm south of the one he now occupies.
Nicholas Hayes is raising his barn
and putting a stone foundation under it.

George Stanley from near Brown City,
was the guest of Jas. Kyes one day last
week.

Miss Mary Earle returned to her
home at Melvin, Saturday, after a
visit of a few weeks with her sister Mrs.
Willoughby.

H. Tappan, secretary of the county

ports them doing well.

The farmers during the past week
were procuring the wool crop, which,
from appearances at present, will be
the best crop of the season.

A number of dogs have been feasting
on lamb during the past few weeks,
while many of the farmers have been

GRACE GREENWOOD.

A Mild Summer.

Astronomers are predicting that the
coming summer will be a mild one. It
is thought there will be but little ex-
tremely hot weather, and not many
severe wind and thunder storms. It
is claimed by many meteorologists
that when there are numerous spots
on the sun there is much disturbance
upon the earth, and more extremely
hot weather than when the sun spots
are not so numerous. Every eleventh
year the spots almost disappear, and
this is the eleventh year. It is claimed
that these spots indicate great internal
disturbances and tornadoes on the sun,
which causes the sun to send out more
heat.

A New Idea.

Citizen to editor—"Say, what do you
think of the candidacy of Mr. Dash?"

Editor—"I think he is a gentleman
well qualified for the place."

Citizen—"I'm glad to hear you talk
thus, and I know he would be very
thankful for the influence of your pa-
per."

Editor—"But he may not have the
influence of my paper."

Citizen—"Why, I don't understand
you! You will surely support him edi-
torially!"

Editor—"That depends. You see,
myself and my paper are two different
organisms. I sell space in my paper
just as a merchant sells calico or silk.

You would not go to Cash Henderson
and ask him to vote for Mr. Dash and
then throw in ten yards of silk beside,
would you?"

Citizen—"No, of course not."

Editor—"Well, my paper's columns
are my stock in trade, and I only differ
from the merchant in this respect: The
merchant can sell to anyone. I can
only sell my space to men whom I be-
lieve to be worthy. If they do not want
to buy the space I will not be sour
toward them. I may give them my per-
sonal vote like any other citizen who
seeks the public weal."—Wichita Ar-
row.

A gentleman residing at Montpelier,
Indiana, writes us from a sense of duty,
that he has cured a severe cold that had
settled on his lungs, with one bottle of
Dr. Bull's Cough Syrup, costing him
only twenty-five cents. This was an
intensely aggravated case attended
with frequent vomiting. The poor fel-
low was so charmed that he escaped an
attack of pneumonia—which no doubt
he would have had, if he had not taken
Dr. Bull's Cough Syrup—that he sends
us the following testimonial represent-
ing his case in detail.

"I had suffered for several days with
a severe cold which settled on my
lungs. One bottle of Dr. Bull's Cough
Syrup, costing me 25 cents, completely
cured me. My cold was so badly settled
that I almost lost my speech, and the
continued hacking and coughing caused
repeated vomiting. I write you this
for the benefit of others who may suf-
fer, because I believe it to be my duty."

ADDITIONAL EXPOSITIONS.

A late ruling of the post-office depart-
ment says hereafter all uncalled for
postal cards, will be returned to the
writer after thirty days, and advertis-
ed letters will be held two weeks in-
stead of four, as heretofore, before being
sent to the dead letter office at Wash-
ington.

As the warm weather of summer
draws near, people will begin contem-
plating making various purchases which
the season requires. When money is
to be spent, the prudent will cast about
them for the best chance to spend it
to advantage. To such persons, the pru-
dent, it is a common thing to read the
ads. in each issue of their home paper.
When there is a bargain to be had,
these persons know it and take advan-
tage of it. With the same income
that some people have who are always
hard up, these persons are in easy
circumstances. A person who does
not read the ads. in the paper is as wise
as the merchant who does not give
them a chance.

The Michigan prohibitionists do not
expect to carry the country until 1892.
Their programme is to nominate Fisk
this year and have him defeated, as
Fremont was in 1856, then nominate
Dickie in 1892 and have him elected in
1892, as Lincoln was in 1860. The
theory is as good as Captin Bobadilla's—
if it can be made to work; but it is
questionable if Fisk will quite like it.
When he hears that the country is to be
carried four years hence for prohibition
he may prefer to let Dickie run this
year and waive his claims until 1892.

The village papers of Rochester,

tective association, hereafter cordwood

to the uniform length of four feet, be
well seasoned and free from moss; in
counting eggs in payment for reading

of turnips. The phrase "one of our
most respected residents" is equal to
three gallons of maple syrup or their
equivalent in new cider. Editorials in
praise of mammoth squashes will not

antee of good faith. Only young men
whose fathers are yearly subscribers
